## EXPERIENCE

### Globalstar Innovative Information Technology, Ikeja, Lagos state, Nigeria

November 2022 - March 2023

#### Front-End Developer Intern

- Worked with the front end development unit and completed a range of simultaneous mobile application design tasks assigned to me.
- Designed, recommended and pitched improvement for new and existing features.
- Created responsive front-end mobile application interfaces according to design guidelines and information architecture.
- Redesigned sections of mobile applications to create user friendly, visually appealing experiences.
- Enhanced front-end performance through image optimization and clean coding practices.
- Maximized productivity analyzing protocols and identifying areas of improvement.

### Globalstar Innovative Information Technology, Ikeja, Lagos state, Nigeria

July 2020 - October 2020

#### Data Science Intern

- Developed and tested models using machine learning algorithms to drive insights.
- Helped make data visually appealing, simple to navigate and easy to understand for end users.
- Developed reports to deliver information enabling business users to make informed decisions.
- Organized research, analyzed results, prepared presentations and presented to senior executives
- Applied analytical tools and methods to inform business decision-making processes.

### Redeemed Christian Church of God (RCCG) ICT Plaza, Mowe, Ogun state, Nigeria.

July 2019 - September 2019

#### Software Development and Research Intern

- Prevented miscommunications by reviewing project requirements with the team to define acceptance criteria.
- Worked with the software development unit to identify issues and figure the best way to approach a solution whenever a problem arises.

- Communicated effectively with the team and accepted critiques and suggestion for areas of improvement
- Completed range of tasks to support research and operational needs.
